Full job description

Your new company

This State Government Agency based in Western Sydney work on a range of state significant transport projects within NSW and are looking to bring on a senior environmental assessment officer to aid with increased workload.

Your new role

The Senior Assessment Officer will take on a lead role in the management within the environmental management framework for large complex and transformative state significant transport projects in the Sydney region to protect and enhance our urban and natural environment.

What you'll need to succeed

You must have excellent report writing skills and the ability to produce reports for senior panel members as required. Key assessments of state significant projects and assistance in development of policies to improve current processes. Assist with the transfer of complex technical information into more clear and concise guidelines to provide for reporting and general communication requirements. Within this role you will be working on some of the more complex and contentious State significant transport projects therefore experience assessing a broad range of developments is vital.

What you'll get in return

You will receive a highly competitive salary of \$64-68 per hour + Super dependant on experience as well as an initial 7-month contract.

What you need to do now

If you're interested in this role, click 'apply now' or forward an up-to-date copy of your CV to Finola.mcloughlin@hays.com.au or call Finola now on 02 92492264.
